

How do I correct Error 1840 - Pupil aged five and over with language missing or invalid?

First Language must be present for pupil/students aged five and over.

1. Select **Focus | Pupil (or Student) | Pupil (or Student) Details** to display the **Find Pupil (or Student)** browser.
2. Search for and select the required pupil to display the **Pupil Details** page.
3. In the **Ethnic/Cultural** panel, select the required **First Language** from the drop-down list.
4. If several 1840 validation errors are displayed, correct the data using the Bulk Update functionality via **Routines | Pupil | Bulk Update**.
